Principals Chatter

This Thursday and Friday we welcome Burt Barbe and Chris Lassig, two experienced special school principals from Brisbane, into our school. They will be carrying out both a Teaching and Learning Audit, and a Discipline Audit. After two days of interviews, observations, and thorough scrutiny of our school documents and processes, they will compile a report that will include both commendations and recommendations. The domains they report under are:

- An Explicit Improvement Agenda (our plan to improve Communication, Reading, Numeracy, and Positive School Wide Behaviour)
- Analysis and discussion of data (how we measure our students progress)
- A Culture that Promotes Learning (Our approach to developing responsible behaviour and our community culture of care and support)
- Targeted Use of Resources (how we maximise the use of resources to provide best outcomes for our students)
- An Expert Teaching Team (How we ensure our education staff keep improving professionally)
- Systematic Curriculum Delivery (The way we align the Australian National Curriculum with our students’ needs)
- Differentiated Classroom Learning (How we adjust the way we teach and our expectations to meet the individual needs of every student)
- Effective Teaching Practices (That our teaching methods are based on currently recognised best practice)

This information will be shared with the community and used to guide our planning for the next four years. The audit process occurs in all Queensland state schools to ensure that every student receives a consistently high quality education.

Class of the Week

23/05 Middle AR
30/05 Junior Sec SB
In Junior Secondary BD we are always working to improve ourselves. We regularly enjoy learning about Colonial Australia and the amazing weather anomalies we experience. We enjoy discovering word origins and travelling the world. We really enjoy mathematics the most. We love being challenged to expand our understanding of things. We know that “School is for Learning.”
