Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Research into best practice literacy strategy for teaching students with a cognitive disability.
- Enlist the support and expertise of a Speech Language Therapist.
- Build the capacity of teachers and teacher aides through a range of professional development opportunities.
- Purchase communication resources to improve students’ access to the curriculum, including iPads with communication application.
- Production of resources to support Four Blocks Literacy approach.
- Develop links with other special Schools who have a similar agenda.
